

The Children's Center Rehabilitation Hospital

Purpose

The Children's Center Rehabilitation Hospital (TCCRH) is a private, non-profit hospital that offers a wide range of medical services, comprehensive rehabilitative care, special education, and social services to children with complex medical needs. TCCRH offers four main areas of service: Complex Care, Pediatric Medical Rehabilitation, Outpatient Therapy Services, and the Pediatric Clinic. The dedicated staff of over 500 employees is focused on maximizing the potential of each child.

- Physician referral is required. Complete required health forms at the time of initial screening or admissions.

Pieces of the Puzzle

- TCCRH partners with Oklahoma ABLE Tech to provide an assistive technology device demonstration center and short-term equipment loan program. The demonstration center can assist a person or small group of individuals the opportunity to explore one or more assistive technology devices to assist in the decision-making process about device purchase or utilization. The short-term loan program provides the opportunity to borrow assistive technology devices to help individuals make an informed decision before purchasing, ensure compatibility between the device and user, have back-up equipment while waiting for repairs, or have a device while waiting for new equipment. ABLE Tech devices improve quality of life and help restore independence.
